RE: **Broker's A-901 Approval and Approved Registration Statement**

Dear Applicants:

This is to advise you that the investigative report from the Attorney General required under N.J.S.A. 13:1E-126 et seq. has been received by the Department of Environmental Protection. Based on our review of the aforementioned investigative report, the Department is hereby authorizing the following entity to act as a **Broker** engaged in the solid waste and hazardous waste industry of New Jersey:

### INNOVATIVE RECYCLING TECHNOLOGIES, INC.

As a Department-approved broker, this entity may charge a commission or fee to arrange for the transportation or disposal of solid waste or hazardous waste within this State. N.J.A.C. 7:26-16.2.

Please be advised that the license hereby issued is a "**conditional**" license and is modified by the terms and conditions as specified on the attached document as they have been put forth by the Attorney General's Office. Failure to meet the specified conditions will result in the revocation of this license.

This license authority is only issued to Innovative Recycling Technologies, Inc. for its exclusive use and control, and it must be renewed annually by filing the Annual License Update form as well as any other change of information concerning your company or its operation as required by the Department.

Please note that you are required to obtain a Certificate of Public Convenience and Necessity (CPCN) prior to acting as a broker for solid waste. An application is enclosed. You may act as a broker for hazardous waste without a CPCN. Questions regarding the CPCN should be directed to (609) 633-1389.

Sincerely,

Deborah Pinto, Chief  
Planning & Licensing
