PERMIT TO OPERATE
SOIL TREATMENT AND RECYCLING FACILITY

Transferred to:
Clean Earth of Carteret, LLC (dba
Clean Earth of Connecticut dba
Phoenix Soil, a Clean Earth Co.)
Date: 09/02/2016

Permittee: Phoenix Soil LLC
Address: 58 North Washington Street
Plainville, Connecticut 06062
Permit No.: 11001121-CRW

Pursuant to sections 22a-6, 22a-208(a), and 22a-454(a) and 22a-209f of the Connecticut General Statutes (CGS), the Commissioner hereby grants Phoenix Soil, LLC (Permittee) a permit to operate a contaminated media (soil and sediment) storage, treatment, and recycling facility at 58 North Washington Street, Plainville, Connecticut. This Permit authorizes the Permittee to store contaminated media prior to treating such media in the facility's Low Temperature Thermal Desorption System (LTTD). The Permittee is not permitted to accept any waste at the facility not explicitly granted by this Permit. The Permittee is not authorized to dispose of any contaminated media on-site.

This Permit is based upon the information submitted by the Permittee as specified in an application dated April 17, 2012 and the revised application addenda and supporting documentation dated September 4, 2012 and September 20, 2012 (collectively referred to as the "permit application"). The Permittee shall keep records of all data used to complete the Permit application and any supplemental information submitted in connection with the permit application for the effective term of this Permit and any renewals thereof. The application is hereby incorporated by reference as a part of this Permit. Any false statement or inaccuracies contained in the information submitted by the Permittee may result in the suspension, revocation or modification of this Permit, and civil or criminal enforcement action.

The Permittee shall comply with all terms and conditions of this Permit. This Permit consists of the conditions contained herein and the information as specified in the permit application, except where the application is superseded by the more stringent conditions contained in sections I-V of this Permit. In the event of a conflict between the submittals for the Permittee's application that is not addressed by this Permit, the most recent of the Permittee's submittals shall govern. Any violation of any provision of this Permit may subject the Permittee to enforcement action pursuant to CGS section 22a-6a and 22a-131.

This Permit may be suspended, revoked, modified, transferred, or reissued in order to comply with applicable law. The Commissioner may also modify this Permit when it is deemed necessary to do so. Prior to initiating any modification to the activities authorized through this Permit, the Permittee shall submit an application to modify this Permit. Any application for

modification of this Permit must be approved in writing by the Commissioner prior to the Permittee implementing such changes.

Any document required to be submitted to the Commissioner under this permit shall, unless otherwise specified in the permit or in writing by the Commissioner, be directed to:

Solid Waste Permitting Program
Bureau of Materials Management & Compliance Assurance
Department of Energy & Environmental Protection
79 Elm Street
Hartford, CT 06106

This permit is effective on 7/22, 2013 and shall expire five (5) years from this effective date.

Macky McCleary
Deputy Commissioner
Department of Energy & Environmental Protection
